

## LETTER OF ENDORSEMENT

U-MOB LIFE is a European project funded by the LIFE programme from the European Commission. It is aimed at the creation of a university network to facilitate the exchange and transfer of knowledge about sustainable mobility best practices among European universities. This network will serve as a tool towards the reduction of CO<sub>2</sub> emissions due to the university community mobility.

The Universität Hamburg agrees to join U-MOB LIFE | European Network for Sustainable Mobility at University, according to the following **participation level**:

### Level 3. IMPLEMENTATION OF MOBILITY BEST PRACTICES IN THE SHORT TERM

The Universität Hamburg agrees to work to reduce CO<sub>2</sub> emissions implementing mobility best practices aimed at fostering public transport, bicycle and walking and reducing the car use within the next four years<sup>1</sup>.

Thanks to this involvement, the Universität Hamburg will obtain the **benefits**:

- Technical assistance during best practices definition and implementation (doubts solution, documents revision, advice, etc.)
- Assistance for mobility manager training
- Support for awareness campaigns.
- Access to private website where useful documents are uploaded, such as training materials addressed to university mobility managers, a tool for measuring CO<sub>2</sub> emissions due to university mobility, materials for raising awareness in campuses, etc.
- Participation in awards to the most noteworthy best practices given in European conferences organized by U-mob network.
- Participation in the definition of U-mob network statutes
- Dissemination of best practices in U-mob public website
- Active participation in events organised by U-mob project such as European conferences, round tables/discussion forums with other universities/stakeholders, etc.<sup>2</sup>

Hamburg, September 27<sup>th</sup>, 2017

Prof. Dr. Dieter Lenzen  
President of Universität Hamburg

Dr. Martin Hecht
