

MIBAS debates ON CSR

POPULATION GROWTH ITS CHALLENGES AND POSSIBLE SOLUTIONS

Invitation to the panel discussion MIBAS Debates on CSR

Population Growth: Its Challenges and Possible Solutions

“In the context of the SDGs, population is sometimes called the elephant in the room. It is not mentioned in any of the 169 targets, yet many people think it is a decisive factor for global environmental change and future human wellbeing,” says IIASA World Population Program Director Wolfgang Lutz. Join a group of panelists - experts in different fields - and the MIBAS students into discussing the challenges faced by society and companies and the possible solutions of population growth.

Participants:

Alisa Kaps, Head of Department of International Demography at Berlin Institute for Population and Development

Alexandra Wandel, Executive Director of World Future Council

Prof. Dr. Christof Parnreiter, University of Hamburg, Institute of Geography

Gertrud Falk, FIAN Deutschland e.V.

Date: 30.04.2019

Time: 18.30 – 21.00

Location: Gästehaus Der Uni Hamburg, Rothenbaumchaussee 34, 20148 Hamburg

18:30 – 19:00

Get Together

19:00 – 20:15

Panel Discussion

20:15 – 21:00

Networking

The topics of the panel discussion will cover the consequences of population growth, how to cope with it and the effects on the economy. We will also tackle migration challenges as well as climate justice and urbanization in the context of population development.
