

Fukushima – Hamburg Seminar

After the earthquake and the nuclear power plant accident in 2011, Fukushima Prefecture aims to construct “a society that does not depend on nuclear power”. To realize this objective, Fukushima Prefectural Government has successfully completed a Memorandum of Understanding with Hamburg regarding further cooperation in the field of renewable energies.

At this business seminar in Hamburg on 7th October 2019, Mr. Uchibori, the Governor of Fukushima, introduces the current situation in Fukushima regarding reconstruction, charm of the prefecture and the prefecture’s activities to be trendsetters in the field of renewable energies in Japan. It is a rare opportunity to hear about the latest “News” from Fukushima first hand from the Governor himself.

Representatives of the cluster initiatives Renewable Energy Hamburg Cluster and EnergyAgency.FUKUSHIMA will present latest projects and economical exchange.

We look forward to meet you at the business seminar.
